

B8 PRO

Focused Cut

Redesigned in 2011, the new B8 Pro features a larger hammering pattern and improved bell design. Delivering intense, focused cut, it's the ideal cymbal for drummers who play with speed, power and aggression. And it's all wrapped up in a brilliant finish with looks that kill.

B8Pro Thin Crash
B8Pro O-Zone Crash **NEW FOR 2012**

20" B8Pro Medium Ride
The crisp stick attack of this popular model remains bright and audible at all times, while delivering light wash at higher volumes.

18" B8Pro Medium Crash
Solid weight increases the volume, power and definition of this aggressive Crash, resulting in cleaner, penetrating punch.

18" B8Pro Chinese
Loud, explosive, very colourful and trashy, the B8 Pro China attacks brightly while dishing out deep, dark undertones.

10" B8Pro Splash
Small, thin and fast with glassy tones, B8 Pro Splashes respond brightly and cut sharply for fast accents.

14" B8Pro Medium Hats
Combining bright, focused pedal "chick" with clean stick responses, B8 Pro Medium Hats are a highly versatile pairing that deliver more for less.

B8

B8 Bright

Precision formed, hammered and lathed for pure, tonally tight sounds, B8 is the bright, cutting sound of pure bronze. It's the ideal first step for drummers looking to get into their first set of bronze cymbals at a great value. With a wide range of models to choose from, B8 is easy to get into.

B8 Thin Crash
B8 Rock Ride

16" B8 Thin Crash
It's fast, punchy, bright and loud – you'll love this cutting, thin crash because it feels and sounds great.

20" B8 Ride
Crisp stick definition, a cutting bell and bright tone all add up to a very versatile ride cymbal.

10" B8 Splash
This thin Splash is extremely fast and bright, with punchy, high-end cut for fast accents.

18" B8 Chinese
Biting, aggressive and edgy are a nice surprise at this price point. The B8 Pro China is immediate and trashy with cool, cutting raw tone.

14" B8 Hats
Sticking is lively and crisp and pedal response is very bright and defined. B8 Hats are a clean and penetrating pair that deliver versatility and value.

SR² The Best Value in B20 Bronze

SABIAN SR2 models are factory refreshed B20 bronze cymbals from the HHX, HH, AAX or AA series that have been returned from trade shows, artist loaners and store displays. After a thorough inspection process, qualifying models are refurbished and sold as SR2 – where they're available to you at a great price! Available in 3 weight categories – Heavy, Medium and Thin – SR2 are marked only as Rides, Crashes, Hi-Hats or Chinas. Combined with their distinct finish which serves to distinguish them from our new cymbals, you never know for sure what series your SR2 came from.

THE MIX

THE MIX

For the first time ever,
mixed series box sets,
SONICALLY MATCHED
in the SABIAN Vault.

The perfect cymbal pack is all about the perfect mix of cymbals. But the perfect mix of cymbals is not always about the same cymbal series. This thinking led us to change the game on box sets with The MIX: mixed-series cymbal packs designed by the experts in the SABIAN Vault. Sonically matched to appeal to drummers at all skill levels, The MIX sets focus on perfect sonic combinations. From the basement to the arena, there's a MIX set for you.

Flight Case
The ultimate cymbal case, road-ready for road-warriors. Fits all cymbals up to 22".

BacPac Cymbal Bag
Use this sturdy bag to carry all your cymbals up to 22" on your back for hands-free travel.

Gongs
Yes, we have Gongs! **Chinese Gongs** are traditionally hammered for their prized Oriental sound, and produce a definite primary impact response followed by a rush of raw, dark overtones. These very full sounding models are available in 30", 34" and 40".
Zodiac Gongs produce a powerful and sturdy fundamental note which is enhanced and softened by harmonic overtones. The result is a full, warm, round response. These very tonal models are available in 24", 26" and 28".

SABIAN Stackers
Customize your set-up by stacking on sounds – think small, but punchy! And there's no need for another cymbal stand – our stackers let you add cymbals and sounds whenever you need them.

Chopper
Three layers of custom-cut bronze agitate together to create raw, dirty, funky sounds and deliver super-fast white-noise responses. It's a great effect for playing rhythms and accents in drum and percussion set-ups. Available in 8", 10" and 12" models.

Bells
The aluminum **Alu Bell** is a musical effect that produces soft, bright and sustaining tones. The heavier-weight **Ice Bell** provides a very definite, high-pitched bell sound. They're ideal percussion pieces for colourful accenting and effects.
